# 12TH NATIONAL NEONATAL NURSES CONFERENCE

Chicago, Illinois • September 5–8, 2012

**Y**ou name it, Chicago's got the best—not to mention 26 miles of lakefront along stunning Lake Michigan. Few cities in the world can match the character and culture of Chicago. We chose this city for our 12th National Conference with you in mind. Not only is Chicago conveniently located for travel from anywhere in the U.S., Canada, and abroad, but this is a city with many choices in food, museums, music, shopping, and fun.

Plan your stay with some sightseeing time in mind. Take advantage of one of Chicago's unique, fun tours. Cruise the Chicago River to see this city's famous architecture from the water, try the Hop-On Hop-Off bus for a full 8-hour tour of your own design, or enjoy an exciting, unusual tour on a Segway. For all you "foodies," try the Chicago Food Tour! See page 8 for more tour suggestions as you plan your visit.

## Purpose of this Conference

The purpose of this conference is to provide clinically current information on the technical, medical, and nursing aspects of neonatal care as well as the legal and ethical implications related to that care. The educational sessions provide information to nurses and other health care professionals who care for newborn, premature, and ill infants and their families. Specific objectives for each presentation will be listed in the conference program materials.

Of course, we have planned an outstanding program for you. Top experts in neonatology offer an exceptional educational opportunity. Poster presenters fill in the program with interactive dialog to enhance your conference experience and enlighten you as to what's going on in units across the country and around the world. As neonatal nurses, we understand that you need to be on the cutting edge while treatment strategies evolve and technology advances. It remains the goal of this conference to help you ensure and facilitate the best possible patient outcomes.

Join us in Chicago!  
See you there!
